MAKING SUCCESSFUL CONNECTIONS
Helping Pennsylvania's Heroes Secure Meaningful Employment

LEBANON – September 30, 2013 –

On Friday, September 27, 2013 the Medical Center, in partnership with the YWCA of Greater Harrisburg, hosted a Veterans' Job Fair in the medical center gymnasium. The fair was open from 8:30 a.m. until 2:00 p.m. 260 Veterans attended the event. More than 50 employers were represented including federal, state and local government agencies, private industries and non-profit organizations. This was an opportunity for Veterans to connect with companies who recognize the value and benefits of hiring Veterans. The fair was free of charge for Veterans and they did not need to register in order to participate. The job fair is one tactic employed by the Medical Center to support the Secretary's strategic goal of eliminating homelessness among Veterans by 2015.

Lebanon VA Medical Center is one of 152 medical centers across the United States which are dedicated to serving the unique needs of America's Veterans. The VA is the largest health care system in the country, using state of the art technology to improve the health of Veterans from every generation. Every Veteran enrolled in VA healthcare meets the Affordable Care Act standards for possessing health care coverage.
